

**BRIEFING DOCUMENT**

IVAO Joint Special Operations Division

**EASTERN  
SHIELD**

## Introduction

Indonesia Division and East Asia MCD Special Operations Department invites you to join in the second part of the joined exercise – the international SO Event «Eastern Shield» taking place on the 15th of November 11-14 UTC.

In this part, the Air Logistics Command and Control Centre of XE and ID, DRAGON CC, have received information from the Army Reserve Command that the mobilization order has already been given by Chairman of the Joint Chiefs. The main tasks are to make sure we have enough aircraft and helicopters standing by nearby Basilan Island, able to provide trooping at any time and transporting logistics to assist the frontline against militarized naval vessels units which have moved south.

### Roles and Tasks:

- Tactical Transport

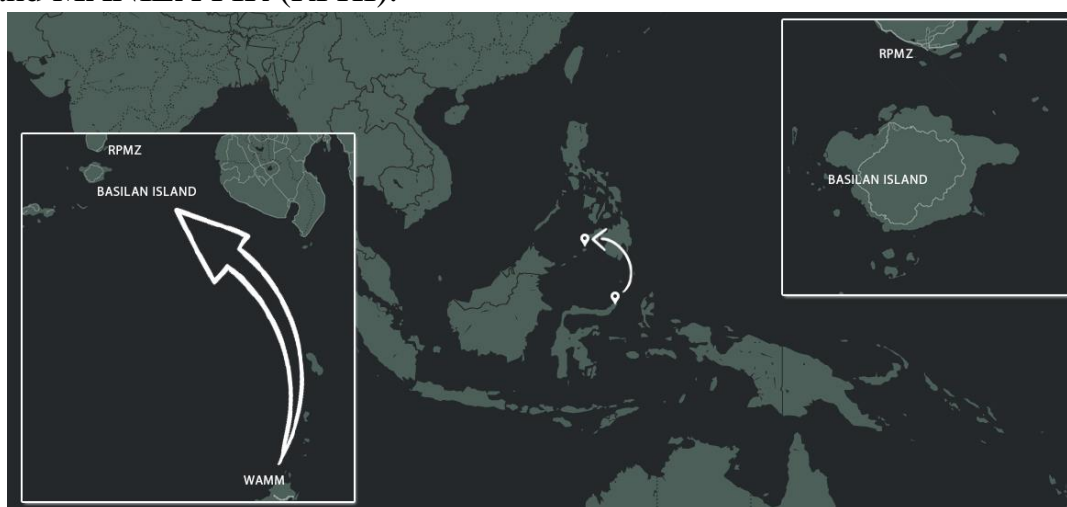

Tasks: Responsible for delivery cargos and troops to Edwin Andrews Airbase (RPMZ)

- Rotary-wing

Tasks: Responsible for transferring cargos and troops to Basilan Island

## Second part exercise location

The second part of the «Eastern Shield» will take place for UJUNG PANDANG FIR (WAAF) and MANILA FIR (RPHI).

### Airbase

- Sam Ratulangi Airbase (WAMM)
- Edwin Andrews Airbase (RPMZ)

### Helipad

- Basilan Island

## Flight Procedures

Tactical Transport will depart from Sam Ratulangi Airbase (WAMM) to Edwin Andrews Airbase (RPMZ) under valid Flight Rules (IFR or Y-Flight Rules), when reaching Edwin Andrews Airbase (RPMZ) parking on stand as assign, unload cargo and troops.

Rotary-Wing will depart from Edwin Andrews Airbase (RPMZ) under Visual Flight Rules (VFR) to Basilan Island after Tactical Transport Group arrive, when reaching Heliport in Basilan Island, landing on Landing Zone (LZ) then dropping all cargo and troops.

The coordinates of the drop zone, start and end times of tactical Transport and Rotary-Wing flights will be via email within 3 days before event start.

### Aircrafts

Tactical Transport

- Medium Transport Class

Rotary-wing

- All helicopter Class

## ATC Stations
